16 August 1956

Assistant Director for Research and Reports

TUTU : Chief, Economic Research
Chief, Materials Division

Transmittal of Project 23.6Ch, "The Ferrous Metallurgical Industry of the USSR"

1. Attached are 2 copies of the subject manuscript. The revised original copy was delivered to St/PB on 8 August 1956 for final editing.

2. Completed drafts were originally submitted to D/M on 12 June and reviewed by the D/M Review Board on 27 June. The paper has also been reviewed by and discussed with [REDACTED]

25X1A9a

3. Revisions recommended as a result of the various reviews, as well as newly acquired data, have been incorporated in the original draft. The copies attached include only the changes necessitated by new data acquired to date. A completely new Section IV-F, Alloy Steel will be submitted to St/PB together with additional updating as required, concurrently with final editing.

4. This is an excellent and comprehensive paper. Publication as an ER is recommended.
